

## **HOW DO I SAY GOODBYE**

**How do I say goodbye?**

**In those fleeting moments at the end of the day,  
When the light that burned so brief and bright  
Starts to dim and fade away.**

**How do I say goodbye?**

**When the ink of tears which blot this page  
Soon disappear and dry.**

**What lasting thoughts can I convey?**

**As the last breath drawn... falls from your lips  
And its whispered sigh is borne away.**

**How do I say goodbye?**

**When the moments are too brief to say  
What my heart wishes to say.**

**If time would only stem its flow...**

**In that eternal moment,  
Would I ever let you go?**

**How do I say goodbye?**

**I will cup your face, tenderly,  
As on the breeze your soul flies free.  
Never will we be apart  
I give to you my loving heart.**
